Celebrate the New Year with Wittus

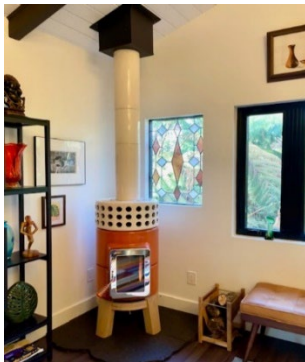

One year closes and another year opens, it's time to ring the bells for 2024. Maybe you are celebrating in a lounge chair by the beach, or cozying up to a wood burning fireplace in your home. Wherever you are, Wittus wishes you

a very happy holiday season and an even happier New Year.

A Warm Start

Beautiful ceramic stoves and awesome home heaters, the Stack stoves from La Castellamonte, Italy. Available in four distinct styles, Slim, Wood, Rim and Long and two heights 44" and 54". See our website for more information or call us at 914-764-5679.

Round Stack Wood 44" with orange base & white top shown above.

New Color Coming Your Way in 2024

The Pantone color of the year is here, set your sights on "Peach Fuzz", A medium based orange tone that will take center stage. "Peach Fuzz awakens our senses to the comforting presence of tactility and cocooned warmth" (Pantone 2024). There are many ways to add color to a room through

accessories. The stove shown above, Round Stack wood in orange and white, is one way to show you know what's hot. See the full collection of stoves on our website www.wittus.com under the Stack stove product listing.

Stove News

"One Stop Shopping with Style "

"The fireplace, an emblem of homey comfort and shared moments has witnessed a dynamic evolution. As 2024 beckons, there's a palpable shift toward blending the age-old allure of fireplaces with avant-garde designs."

Shaker Wood Burning Stove

Celebrate fire with the Shaker stove. A contemporary wood burning home heater and design classic. Designed by product architect Antonio Citterio, Italy. Available in two models, Shaker short bench or Shaker long bench and left or right side door opening options. *Shaker long left shown here.*

Shaker Outdoor Grill

The Shaker stove has a new friend, the Shaker Outdoor Grill. Designed with the elements in mind, this grill is made of durable corten steel which takes on a beautiful patina color when left outdoors. Accessories include a stainless steel grill rack, a protective fire screen, a smoke stack with cap, and a complimentary grill cover. Enjoy the great outdoors 365 days of the year! Give us a call for more product info.

Wood Talk 101

Using the proper wood is the key to a well burning fire! Here are three important tips:

1. *Kiln dried kindling & fire wood is always best.*
2. *To avoid smoke issues, make sure the wood is dry & well seasoned.*
3. *Use only clean materials, burning magazines, wood with nails and other debris will damage your fireplace interior.*
