### Happy New Year from Wittus

let's say goodbye to the old and ring in the new. 2026 is on it's way. Every year we get a

chance to start over. Wittus wishes you a very happy holiday season and an even happier New Year. Make it happen, make it real.

### Outdoor Warmth, Shaker Grill

It's a lifestyle, the Wittus outdoor Shaker grill. A beautiful product designed by Espegard, Norway. The grill is made of durable cor-ten steel that ages gracefully with the outdoor elements. See our website [www.wittus.com](http://www.wittus.com) for more information or call us at 914-764-5679. Grill owner Architect Morris Adjmi in his Brooklyn garden shown above. Recently featured in the NY Times.

### Ancient Fire, Flint & Pyrite

The oldest known evidence of humans making fires dates back 400,000 years when early humans used flint & pyrite as strikers. Cooking food on fire improved their diet by removing toxins. Heat was also a valuable aspect of fire that we still relish today. Adding a

fireplace to your home not only improves the aesthetic, but is a great secondary heat source. Contact us for product information and pricing.

### Stove News

"One Stop Shopping with Style "

"The humble wood burning stove has undergone a remarkable transformation. Once a purely practical appliance for heating our homes, it has now firmly established itself as a stylish, desirable centerpiece for the modern living room. The crackle of logs and the radiant warmth are timeless, but the way we design our spaces around them is constantly evolving".
