Wittus is With You in 2025

It's that time again, the new year is upon us. Wittus would like to wish you a prosperous, warm, and happy 2025. May your holiday season be merry and

bright. As always we invite you to visit our showroom located at 40 Westchester Avenue in Pound Ridge, NY. Come share the joy with us that every new year brings!

Culinary Chefs Work Wonders!

Wittus had the honor of cooking with the CIA chefs and teachers extraordinaire Shanna Horder O'Hea & Brian O'Hea at the Wittus showroom. The place was filled with great smells and hungry people and the Domino 8 Maxi wood burning cook

stove did not disappoint. The menu was a sampling of vegetable chicken stew with seasoned rice, cheddar jalapeno biscuits, shrimp scampi and a perfectly cooked pork tenderloin. A delightful event that brought good food and good friends together in one room for a good reason. *The O'Hea's and Niels Wittus shown above, and vegetable chicken stew shown at right.*

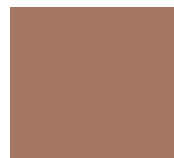

New Year, New Color in 2025

And the Pantone 2025 color of the year selected by the Pantone Color Institute is... PANTONE 17-1230 Mocha Mousse, a warming, brown hue imbued with richness. It nurtures us with its

suggestion of the delectable qualities of chocolate and coffee, answering our desire for comfort. Color is such an important part of design and knowing what is in style is a plus. This is the perfect color to pair with a Wittus stove, like the Lugo cook stove in sandstone. See www.wittus.com for more products.
