Hot Wittus products for Summer

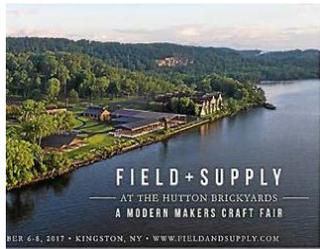

Who says fireplace products are not for Summer... Wittus has some really great items that can be used all year-round. The Firebird outdoor grill is perfect for those warm nights when you want to

cook outside and also enjoy an evening around the fire pit. For indoor cooking, stoves like the de Manincor series from Italy and the Lugo from Czech Republic are the perfect kitchen accent. All Wittus products are a great addition to every home. See the entire line that Wittus offers on our website www.wittus.com.

Field & Supply Market Show

The design world's favorite craft show, the Field & Supply Market Show that took place in Kingston, NY May 24-26 at the Hutton Brickyards facility highlights craft talent in the Hudson Valley. Niels and Alyce

were in attendance and gave this show a thumbs up. It is a showcase of new designer worthy products with businesses promoting their wares in an artsy, outdoor environment. Stay tuned for more news about the upcoming fall October 5-7 2019 show.

Maximize Your Fireplace Hygge

The Danish word for coziness, Hygge "hoo-ga" is a natural factor when it comes to a fireplace. Here's how to use your stove all the time, even in the off season:

- 1) Add an electric light inside the fireplace for summer lighting ambiance.
- 2) Warm a pot of scented water on the stove top for added coziness.
- 3) Place your seating in close proximity to the fireplace to enjoy the fire and the stoves esthetics.
- 4) Adopt a dog for maximum Hygge around the fireplace!

Stove News

One Stop Shopping with Style

"Do you only use your fireplace during the holidays? Is it forgotten the rest of the year? Fireplaces are one of the most important focal points in a room, whether you are using it or it is sitting dormant in the middle of Summer. There are many creative ways to enjoy your fireplace year-round."

~Lindemann Chimney Co.

Explore the Cosmo

The exciting Cosmo series offer something for everyone and available in eleven style options. This outstanding product has so much to offer. Features include various side cladding options like steel, sandstone and soapstone. The cool handle feature makes it

easy to use and the large tempered glass window enables enjoying the full fire. The added benefit of the air wash system keeps the glass clean. Every model has something special from lower storage compartments to soapstone bricks inside the top portion of the Cosmo 1500. *The Cosmo 1147 in soapstone shown above.*

Shaker Stove, Classic & Contemporary

A True contemporary classic, the Shaker stove designed by Antonio Citterio of Italy is a gem. Styled after American shaker style furniture, this stove has mass appeal. Available in the Shaker short or long bench in a matte black steel finish. The highly efficient firebox operates on an optimal burn rate system that produces both minimal emissions and a beautiful

fire. Heating capacity up to 1,330 sq. ft., this small wonder gets the job done. *Shaker short bench featured here.*
