Wittus Road Trip

The lazy days of Summer are a good time to travel for work and fun. Niels and Alyce took a road trip to deliver the Shaker grill to the Lost Kitchen in Freedom, ME. They met with the creator and owner Erin French and her husband Michael Dutton, who graciously gave a wonderful tour. This establishment is a very special place that serves artisan homegrown food to local folks and visitors from all over. For more information, go to their site www.findthelostkitchen.com.

"One Stop Shopping with Style "

"Obviously, the part of the world that invented hygge (the Danish concept of coziness) knows what it's doing when it comes to fireplaces. Scandinavian style is defined by simplicity and neutral tones, which you'll see in the fireplaces, whether that's a Danish fireplace or another kind of freestanding fireplace."
