Dog Days of Summer

Summertime is upon us; it's time to relax and enjoy the outdoors. Adding a Phoenix or Firebird grill to your repertoire is a great way to get started. Made of durable corten steel which takes on a natural, rich patina when exposed to the elements.

See our website wittus.com for more product information and to view the entire collection of outdoor products.

Stove News

“One Stop Shopping with Style “

“An electric fireplace is an innovative heating solution that uses electricity to create a realistic flame effect and provide supplemental heat. As homeowners increasingly prioritize comfort, energy efficiency, and aesthetics, electric fireplaces have emerged as a sought-after upgrade. Electric fireplaces add value by serving as a cost effective, low-maintenance heating solution.” ~The Guys

Electric Fireplaces are Cool

An innovative way to add something hot that's cool. Electric fireplaces add a touch of ambiance without all the fuss. Wittus offers a beautiful unit from Modern Flames that will do just that. Available in five sizes, the Orion slim 52", 60", 76", 100" and the 120" Multi with all kinds of bells and whistles. Orion 52" slim shown here.

Wittus Project Review

Wittus has done some spectacular projects this year. We would like to share the Ruby Springs Fishing Lodge in Sheridan, MT. A high end fishing lodge set by the riverside, where two out of the 5

cabins will have a Shaker stove in the accomodation, and an added bonus of a Shaker grill outside. See their website for more photos. www.ruby-springs.com. Shaker stove shown right.

Shaker Grills

The Shaker Grill, produced in Norway by Espgard, is a compliment to the indoor Shaker stove. A durable product made of cor-ten steel that can be used outdoors all year long. The inner chamber that helps conduct the heat also keeps the grill warm to the touch. An air control function helps the fire burn evenly and the removeable ashpan inside the firebox allows for easy cleaning.

Place this grill in a spot that calls for a fire element, or put it outside as a sculptural piece of art. Niels Wittus shown with the Shaker Grill.

Showroom Visitors

Summer is the best time to welcome Wittus showroom visitors. We had the pleasure of meeting Lisa and Randy Lewis, who came from Colorado to see our cook stoves. The Wittus cook collection includes the Domino 6 & 8 Maxi, the Cookin Stack, the Klassic cook stove and the Lugo and Omega Chef stoves. More info is available on our

website. *Domino 8 Maxi shown here.*

Quick Start Fire Starters

Start your fire with ease, quick Start firestarters make lighting up a breeze. On sale now at Wittus. Good for both indoor and outdoor use. Go to our products page and click on the products link and then click on “Closeouts” for more product info and prices.
