Wittus Newsletter

March /April 2021

A New Season is on its Way

Marching into Spring, Wittus celebrates this joyful time of the year. Looking forward to providing our dealers with lots of contemporary products in the coming months. See our fabulous line of outdoor grills and indoor cook stoves. There is nothing better than well designed

products and a collection that can handle all of your fireplace needs. Give us a call at our headquarters in Pound Ridge NY at 914-764-5679. We would love to hear from you!

It's Grill Time Again!

Grilling outdoors is a welcome activity after a long hibernial winter. There's nothing better than the proper equipment when it comes to outdoor cooking. Wittus Phoenix and Firebird grills are the perfect addition to every outdoor space. The food cooked on these grills is outstanding. Also operating as an outdoor

firepit long after the food is gone, its double life extends your outdoor fun time. Both grills are made of durable cor-ten steel that takes on a natural patina over time, and are fitted with a beautiful stainless steel grill rack. It's time to get outside and get cooking!

Celebrate Earth Day 2021

Earth Day is coming on April 22, 2021. One good thing that the world-wide pandemic has caused is cleaner air. With less travel in all industries and more people staying home, we have been forced to

take a look at the things that directly affect us every day. Many people have been concentrating on home improvements and the hearth industry is booming. One way to keep the eco-friendly momentum going is to replace an old stove with a new one. Wittus has some environment friendly stoves to choose from. The Spartherm Modulares, Fireplace Inserts and Built-in models are all 2020 compliant and the Domino 6 & 8 Maxi, Lugo, Cookin Stack & Omega Chef cook stoves serve the dual purpose of cooking and heating. It's the perfect time to get on board with the planet.

Stove News

One Stop Shopping with Style

"Companies involved in selling products related to the home have benefitted from the stay-at-home phenomena. Usage of outdoor living products have skyrocketed. With increased grill use, grill replacement has also increased. Industry statistics show that women are grilling more often and taking charge of the grill for more occasions."

~John Laing, Patio & Hearth

The Omega Chef Cookstove

A cookstove with possibility, the Omega Chef from Denmark, is a beautiful contemporary wood burning stove. This stove has a tall, round stove body and an ultra-modern look, the glass door is part of the plan. The self-closing door keeps the heat intact and the option of fresh air intake makes this stove the perfect candidate for chefs

everywhere. Give yourself the option to cook with style and grace.

Home Sweet Home, Cookin Stack

The Cookin Stack from La Castellamonte, Italy is a delight for every kitchen. Sitting nicely on an oak wood base, this stove shines bright. Also available, the Rondo & Stack stoves, are all made with the same high quality craftsmanship. All models include an eco-friendly combustion system. For more product details see our website www.wittus.com and contact us with any questions and availability. *Cookin Stack in gloss white shown here.*

NEW Product Alert!

The Foculus outdoor grill also from La Castellamonte, Italy is a beautiful cooking tool. Made of clay milled from the local hillsides and whimsically glazed, this piece is both functional and sculptural. This grill is a living form of art that makes delicious food. The stainless steel cook-top is durable and easy to keep clean. Available in three sizes and a choice of matt white, terracotta, red, black or metallic black. Don't miss out on this brand new addition to the Wittus outdoor grill collection.
