May / June 2026

It's Grilling Time

May & June bring us joy with food and fun, and it's time to celebrate the great outdoors. Wittus enjoys cooking on some efficient outdoor products. The Phoenix and Firebird grills (shown right) and the Shaker grill (shown at left) are the front runners

when it comes to delicious food. See our full collection at www.wittus.com under Products, Outdoor Grills.

Stove News

"One Stop Shopping with Style "

"No longer just a practical heating feature, the stove is becoming the true heart of the home, shaping how we style, gather, and use our living spaces. Stove trends for 2026 blend warmth, texture and thoughtful design, creating living rooms that feel intentional, inviting and built around the fire."

~ Direct Stoves

A Classic Klassic

The Klassic cook stove is the creation of Danish designer Bent Falk and is made in America. A classic masterpiece that is an efficient home heater with a bread oven on top. Made of the finest materials, this stove is a super model. The steel doors can be closed to maximize the radiating heat capacity. *Klassic cook stove shown here.*

All Aboard for Cook Stoves

Cooking at home is an everyday activity, why not enjoy the process. Wittus has a collection of wood burning cook stoves that will make you smile. The Cookin' Stack (shown in gloss white) from La Castellamonte, Italy is a small wonder. The de Manincor

Domino 6 & 8 Maxi and the Domina are also contenders. Both products are available in colorful side cladding in a variety of choices. *Domino 8 Maxi in yellow shown here at right.*

Hocus Pocus, it's the Foculus

A magical outdoor grill, designed in Italy by La Castellamonte. Made of durable ceramic, topped with a stainless steel rim and corten steel grill rack. The base is solid chestnut wood that can stand the test of the outdoor elements. This grill is available in three sizes, small 26"D x 39"H, medium 32"D x 39" H and large 39" D x 39" H. *Medium Foculus shown here.*

Keep Your Grill in Tip Top Shape

An outdoor grill is a home appliance, and it needs to be cared for to extend its outdoor life. If you take the right steps, caring for your grill is as easy as 123!

- 1) Clean your grill by heating it to burn off residue, then scrub the grill rack with a wire brush or scraper.
- 2) Deep clean 1-2 times a season by soaking grill racks in hot, soapy water with vinegar and then scoop residue from the interior firebox.
- 3) Finally, coat clean grill racks with oil to prevent rust.

Danish American Warm Furniture

Wittus is a unique blend of two worldly places. Owner Niels Wittus is originally from Denmark and Alyce Wittus is from Chicago. Together they are Wittus-Fire by Design and have been in business for 48 years and counting. The company mission is to bring contemporary European products to the American market and that is what Wittus has been doing. Share the joy that we have to offer and visit our showroom at 40 Westchester Avenue in Pound Ridge, N.Y.
