Fall Findings at Wittus

It's that time again, the leaves are changing and the air is crisp and energy prices are at an all time high. It's a good time to consider a wood burning stove as a secondary heat source. See our entire collection at www.wittus.com or give us a call at 914-764-5679 for current pricing and product information.

A New Old Home

are finally here on our own terms. Come visit our showroom and see our products in person or just stop by to say hello!

Wittus is still standing and now we own the building too. After many years at our headquarters, at 40 Westchester Avenue in Pound Ridge, NY and 48 years in business, we

Wittus on the Move, Denmark!

Niels & Alyce visited our Danish supplier Jydepejsen with Kennet and Michael shown at left. They are a long time European partner with Wittus who provide us with wood burning stoves

and the needed parts to service these and other Wittus products. Jydepejsen is a well known manufacturer of high-end premium, eco-friendly stoves with contemporary aesthetics and high efficiency combustion technology. Omega Chef cook stove shown at right.

Stove News

"One Stop Shopping with Style "

"Wood burning stoves offer an affordable and aesthetically pleasing way to heat your home while reducing the carbon footprint. They are cleaner to operate, more energy efficient and more environmentally friendly than central heating systems that run on coal, gas or oil. Indeed, faced with stringent energy saving regulations, architects and building contractors are increasingly opting for wood burning stoves in designing houses that enable sustainable living."
