A Wittus Gathering

Spending time outside the office as a group is a healthy way to run a business. It's always nice to come together and celebrate. The Wittus clam bake was the perfect opportunity to do just that. An end of the season gathering

hosted by Niels and Alyce Wittus included great food from the Scotts Corner Market and all the usual suspects. What can be more fun on a beautiful late summer afternoon!

Good News for the Shaker Stove

Let's hear it for the Shaker stove! Wittus has a lot to be excited about, the Shaker stove has officially passed the EPA 2020 emissions test and, achieving 76% efficiency, is also eligible for the New Federal tax credit. The Shaker stove is a unique hybrid that utilizes both catalytic and secondary combustion technology with top and rear vent capabilities. Stock will be available sometime in the New Year. For tax credit info go to:

www.forgreenheat.org/incentives/federal.html

Cook Stoves are Royalty

Today, fire creates a sense of security the same way it used to when mankind used it for protection thousands of years ago. Making food on a cook stove is easy and exciting. Not only does it put a twist on cooking, the taste is hard to beat. Wittus has a collection of

beautifully crafted stoves that can take cooking from a house hold chore to fun galore. The Domino 8 featured above has an oven below and a stainless cook top with removable rings, The Cookin Stack show right, is a tile clad cookstove on an oak wood base. See our website www.wittus.com for more info.

Stove News

One Stop Shopping with Style

"Having a fireplace in your home is a wonderful thing, particularly on chilly days. With an array of fireplace styles to compliment or change your home design. Consulting with an interior designer is a great way to explore which options are best suited to your plans."
~ Angelica Angeli

Spartherm Wood Inserts

Fireplace inserts are the smartest way to conserve energy in the home, a home with an open hearth is a home that needs help. A Spartherm fireplace insert is the perfect solution. The Spartherm 600 & 700 fireplace inserts are designed for use in already existing open fireplaces. See the entire collection on our

website under the zero clearance built-in product listing. Give us a call at [914-764-5679](tel:914-764-5679) for pricing and availability

Stromboli Rotating Stove

The Stromboli rotating stove is a beautiful alternative to add a wood burning option to the home. Made in the Czech Republic of the finest materials, this stove has a full viewing window that rotates 360°, with a firebox that fits an 18" log size. This fireplace is available with side cladding in a choice of steel, tile, natural stone or sandstone. Feel the fire from all angles, see our website for more details. *Stromboli in steel shown here.*

Wittus Fireplace Accessories

Wittus has a collection of beautiful wood holders and fireplace accessories imported from Europe. We carry contemporary products that are compatible with all Wittus stoves and fireplaces. See the full collection of wood holders, utensil sets, fire starters and more on our website under the accessories product listing.
