July /August 2020

One Door Closes, Another Door Opens

Suprisingly business has been on an uptick and Wittus is very thankful for that. The Covid crisis has made clients focus on making their homes a better place. Home improvement is driving the market, and businesses like ours are staying afloat. As they say, when one door closes another door opens, and this time we are grateful to have a positive outcome on the other side.

Wittus Cooking Show on Facebook

There is a bright side to every story. Quarantine Cooking with Wittus is one of these tales. The COVID-19 shutdown was the perfect time to bring our long-standing idea of a Wittus cooking show to fruition. We aired our first episode on our Facebook page on May 12th and our 2nd episode on May 19th! See both episodes by

clicking the blue "F" at the bottom of our homepage www.wittus.com. Stay tuned for more episodes coming soon. *Lamb chops marinated with rosemary & garlic cooked to perfection on the Phoenix grill are shown here.*

The World Moves Forward

Keep Moving Forward is an important mantra to keep in mind in the coming months. As the country heals from the worldwide pandemic. It is

important to stay on a steady path by returning to a routine and making the most of whatever comes into play. Our European manufacturers are slowly ramping up production and 2020 approved products will soon be coming our way. Now is the time to prepare for the future.

Wittus is With You

All eyes are on our customers. We are here to offer you the best contemporary hearth products in the market. See the entire collection on our website www.wittus.com and contact us for more information on everything Wittus.

Stove News

One Stop Shopping with Style

"Since a wood burning stove is the heart of the cook stove, the obvious benefit is as a heat source for the home. However, it goes a bit deeper than just warmth. When you use a wood-burning source of heat, you gain much more than a lower heating bill and a mesmerizing flame to curl up to on the couch in front of on a cold night".

~Premier Firewood Company

Lugo Cook Stove

A cook stove perfect for both heating and baking, the Lugo (shown in black steel) from the Czech Republic, utilizes advanced technology and brings the joy of cooking with a wood burning cook stove to the forefront. The stainless steel oven compartment can heat up to 500° and comes with a thermometer for baking perfection. Made of high grade steel in a black finish and also available in a variety of tile colors.

Stromboli Rotating Wonder

Sit where ever you like, the Stromboli rotating stove will accommodate you. A beautiful fireplace with a large viewing window that measures 16" wide and nearly 20" high, that can be placed in a room with many seating options. The firebox sits on a pedestal and can rotate 360° for ultimate fire viewing. The Stromboli is available in a dark grey "anthracite" metal color, ceramic tile or natural stone. With the Stromboli, design and technology come together to offer high performance and a sophisticated hearth product. *Stromboli in anthracite gray steel shown here.*

Alea Andiron

A giant "Jack" that can hold wood, the Alea Andiron by Ferarri, Italy (shown with fire) is really cool. Place this in your wood burning stove and make for good conversation and a bright uplifting fire! See all the available fireplace accessories on our website under the product accessories listing.
