Celebrate the Earth 2020

Celebrate the 50th anniversary of Earth Day on April 22, 2020 with a focus on climate change. The first Earth Day was celebrated on April 22, 1970. This historic event brought about the Clean Air & Water Act and led to the creation of the Environmental Protection Agency (EPA). It's time to pay attention to the environment and Go Green. Some things you can do to make a difference are to clean up litter, plant a tree, walk outdoors and celebrate fresh air, and change out an old polluting wood burning stove with a highly efficient Wittus wood stove. Make sure to tune in after May 25th to see all the available qualifying Wittus stoves.

One Stop Shopping with Style - *Earth Day Quotes*

"We do not inherit the earth from our ancestors, we borrow it from our children." -- Native American Proverb

"What is the use of a house if you haven't got a tolerable planet to put it on?" -- Henry David Thoreau

"Never doubt that a small group of thoughtfully committed citizens can change the world. Indeed, it's the only thing that ever has." -- Margaret Mead

Cosmo 1500 Super Heater

A contemporary 5' tall beauty, the Cosmo 1500 (shown) is a tasteful choice for a wood burning stove. A unique optional feature is four soapstone blocks concealed in the top of the stove to extend heat output. Other models

include the Cosmo Pedestal, the 971 & 1147 with side cladding options of soapstone, sandstone and grey or black steel, this stove is a contemporary beauty. Special features include a large glass viewing window, an air-wash system that keeps the glass clean, a cool handle feature positioned below and away from the firebox, and an ash drawer to make clean up easier.

Cubic Contemporary

Simply the best in a wood burning stove, the Cubic is available in three floor models, 109, 166 (shown) & 215 and the W200 wall model. Designed by Anders Nørgaard with minimal but sophisticated details in mind, this stove is perfect for the ultimate heat experience. All models utilize the same efficient firebox, have a thermal air wash system that cleans the glass effortlessly and a nearly invisible cool door handle.
