

## Wittus Newsletter

May / June 2020

### A Special Note From Wittus

With a little luck, we will be able to move forward and put these times behind us. It may take a while before business gets back to normal, but the time will eventually come. Wittus would like you to know that we are here for you. Everything from new orders, small parts orders, product questions and inquiries and every other issue that may arise. Please know

that we value our customers and consider you as part of our family. Stay safe and stay in touch, [www.wittus.com](http://www.wittus.com).

### Industry News

~The worldwide Covid-19 pandemic has caused economic shock around the globe. At this time, it is unclear how this will impact Fall business. Economic stimulus packages may help some stay afloat, but it will take some time until we have the answers.

~The EPA has made a final ruling that the stove industry had not made a case for a sell through for step 1 heaters. This puts small business in a tight spot. The new ruling is to start on May 15<sup>th</sup>, 2020. HPBA has urged congress to extend the sell through to December 31<sup>st</sup>, 2020 offering more time to sell-off inventory in a stalled market.

~The Industry has been preparing for the impacts of the new EPA regulations but this economic downturn could cause prolonged problems on many fronts, only time will tell.

### Stay at Home and Stay Relevant

Wittus has been operating on adjusted hours with staff coming to work in one person shifts. The stay-at-home order has caused businesses to create new ways to stay relevant. Now is the perfect time to put things in order, get rid of things that have become obsolete or just reflect on your business and

how you can make it better in the months to come. Thankfully we made it through the busy season and are moving into a down time. Why not make it worth your while by taking it personally.

### Stove News

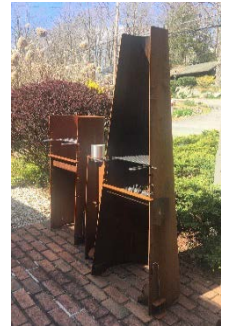

One Stop Shopping with Style

*"Grilling used to make me nervous, but then I learned to view the fire as just another source of heat, no different from a stove or an oven".*

*~Samin Nosrat*

### The Phoenix & Firebird Grills

It's a good time to get outside and grill with the Wittus Phoenix and Firebird grills. These amazing products add a bit of fun to cooking and make for extremely tasty food. Both models are made of durable cor-ten steel that takes on a rich copper like patina when exposed to the elements. The stainless-steel grill rack is easy to clean and can be adjusted to various levels for the perfect cooking height. In stock and ready to ship now.

### Cook it Up On Wood Indoors

The ancient art of cooking on a wood burning fire, the Domino 6 & 8 Maxi made by de Manincor of Italy, is a stove that cooks and heats all in one. The cook-top allows the chef to craft entire meals while also using the oven compartment below. The Domina, a smaller but just as efficient

version has legs and a lot of personality. All models are made with top quality materials like stainless steel and a cast iron top plate that holds and distributes heat evenly for cooking perfection. Available in whimsical colors with or without front and side rails. *Domino 8 Maxi shown above, Domina shown Right.*

### Whimsical Wittus Utensils

Beautiful utensils accent contemporary stoves and fireplaces. Wittus has a wonderful collection to choose from. Colorful leather mixes with stainless steel are just the beginning. See all the available products on our website under the

Accessories listing. *Corium wood holder with stainless steel frame in green leather shown above, Splash utensil holder in red shown right*
