

## Wittus Newsletter

September /October 2019

### A Fantastic On-line Resource

Brick & Wonder, an online resource for Architects and designers, is the brainchild of architect Drew Lang (shown). This site features talented subcontractors and their projects, publishes opportunities in the design community, has a great beta site that connects professionals to clients and vice versa. Drew is also the creator of Hudson Woods, a contemporary residential development in the NY Catskills that was recently featured in Architectural Record under Good Design. The Shaker stove is a feature in many of the homes. See our Facebook page for the full article.

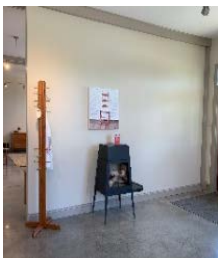

### Fireplace Shopping Guidelines

Purchasing a stove is a significant decision and it is good to use strong guidelines to help the process go smoothly.

- 1) Use your local fireplace dealer as a springboard for your stove ideas and final choices.
- 2) When you meet, bring photos of stove placement, floor plans and all relevant information regarding the project. The more info the better.
- 3) Make sure to discuss the heat output for each product to insure a good match for your space size.
- 4) Make a smart choice, shop at Wittus or your local Wittus dealer! We have 40 plus years of knowledge under our belts.

### Current Events at Wittus

furniture line. (Shaker stove, Chilton's, Freeport shown left).

Gearing up for Fall, Niels Wittus took to the road to visit Wittus dealer Chilton Furniture at their locations in Freeport and Scarborough, ME. He held a training course specifically for the Shaker and Stack stove products. Chilton is a business that is focused on Shaker style furniture and top-notch design. The Shaker and Stack stoves are a perfect match for their high-end

### TRADE SHOW ALERT!

October 11-13, Wittus is looking to participate in the Field & Supply Market show which takes place in Kingston, NY at the Hutton Brickyards facility. This show highlights craft talent in the Hudson Valley. Stay tuned for more news.

### Stove News

One Stop Shopping with Style

*"Nothing like a warm toasty wood fire...As far as home heating solutions are concerned, wood stoves are a classic. They have been around for centuries and their perfect combination of aesthetic appeal and functionality make them a great addition to any home. So, whether it is a centerpiece for your rustic themed living room or a functional piece for those chilly winters you can rest assured that it will be a worthy investment".*

-Wired Shopper, Lisa Hayden

### Explore the Cubic

A wonderful contemporary stove that has a lot to offer. The Cubic series has something for everyone and is available in five style options. Features include the cool handle which keeps the handle cool to the touch, and the large tempered glass viewing window makes it easy to enjoy the fire. The added benefit of the air wash system keeps the glass clean. Every model has something special to offer. A beautiful stove with extraordinary features. \*Cubic 166 shown here.

### Small Wonder, Domina Cookstove

There is nothing like the taste of a meal cooked with the help of a wood burning fire. Cookstoves by Italy's deManincor, like the red Domina shown here, offer style and kitchen panache. The fire door has a viewing window with a view of the flames and the oven has a thermometer to keep the cook on target. Come and see this model in person at the Wittus showroom, 40 Westchester Avenue in Pound Ridge, NY or give us a call at 914-764-5679 for more details.

### Wittus Outdoor Grills

With cooler weather on the way, it's the ideal time of year for outdoor grilling. Sitting by the fire afterwards is the perfect ending to a tasty meal. The Firebird and Phoenix grills are the ultimate cooking tool and the perfect "firepit" for that seasonal afterglow.

See the full description on our website and

order yours now before the seasons change. \*Armenian burgers cooked on the Phoenix Grill shown right.
