Eco 90 in Rust

Domino 6 in Green

Domino 8 in Blue

Domino 8 in Red

Eco 80 in Yellow

## **New Exciting Colors, New Cookstoves....**

## **Joyful Cooking with Wood**

Bring the romance of Italy into your kitchen - the Eco and Domino wood burning cook stove ranges are contemporary appliances with old world flair. Designed in Italy by the de Manincor family, who has been making stoves since 1828, the products are reliable, durable, powerful and safe. Every stove is especially designed with the element of essential cooking in mind.

NEW COLORS are available for 2020 – including rust, green and blue. And other colors are red, yellow, black, white, gray, ivory, or all stainless steel. To design and configure your own customized stove, you can link to the following site: <https://woodcookers.demanincor.com/configuratore/en/wood-cookers/>.

The largest stove – the Eco 90 with an oven size of 14”w x 18”d x 10”h, measures 35”w x 24”d x 34”h and has wood storage below. The Domino 8 Maxi and the Eco 80 measure 31”w x 24”d x 34”h. The Domino 8 Maxi has an oven size 21”w x 19”d x 10”h and is a standard size cook stove. The Eco 80 oven is the same as the Eco 90. The Domino 6 Maxi measures 24”w x 24”d x 34”h with an oven size of 19”w x 13”d, and is perfect for areas with narrow space requirements.

All models include a firebox and flue lined with refractory tiles for maximum heat output, integrated tertiary air for optimal combustion, an air-wash system that keeps the oven’s window glass clean, and an optional heavy-duty radiant cast-iron hotplate for maximum heat conduction. All stoves include the ECOPLUS® system which improves combustion by way of a pre-heated secondary airflow that passes over the flame and burns off any remaining gas, thereby reducing carbon monoxide levels to the minimum. Other special benefits are: cleaner smoke and lower levels of air pollution with 70-75+% efficiency contributing to reduced wood consumption. These fine wood-fired cooking stove ranges can be placed in a kitchen or living area to provide warmth and nourishment to any surrounding they grace.
